Manufacturer : Montblanc-Simplo GmbH

Applied Standard and/or Network Interfaces and/or Radio Services Spectrum Usage for which this authorization applies.

Authorization

The Telecommunications Regulatory Authority, pursuant to its authority under the Federal Law by Decree No. 3 of 2003 – Telecom Law & the Executive Order of the Federal Law by Decree No. 3 of 2003 Regarding the Organization of the Telecommunications Sector, hereby authorizes the above product for the usage of specified subject to the conditions set out overleaf, attached on the second page.

Date of Issue : 21-Jan-2020

Date of Expiry : 20-Jan-2023
1. The authorized Dealer shall abide by the provisions of the Federal Decree by Law No. (3) of 2003 regarding the Organization of the Telecommunications Sector, its Executive Order and the amending laws therein, as well as its Regulatory Framework. The authorized Dealer shall meet the certification requirements as outlined in the Type Approval Regime issued and followed by the TRA.

2. Equipment shall comply with all specifications (specific standards, spectrum requirements, software versions, etc.) as prescribed by the TRA.

3. The authorized Dealer shall apply for certificate renewal a month prior to its expiry or by 15 days of expiry. In the event of exceeding the specified term, the authorization will be temporarily suspended, and an extra charge of AED 100 will be incurred monthly for renewing suspended authorizations, up to a maximum of 6 months, after which the certificate shall be deemed invalid and non-renewable.

4. The authorized Dealer shall maintain an up-to-date listing of authorized equipment, including station locations, equipment manufacturers, models, serial numbers, frequencies, output power, date of purchase, and date of equipment disposal. Upon request, this list shall be submitted to the TRA in a format specified by the TRA.

5. The type approval certificate cannot be transferred or assigned to a third party.

6. The authorized Dealer shall ensure that all equipment is tested and approved by the TRA. Any deviation from the approved equipment must be reported to the TRA.

7. During the lifetime of the certificate or at renewal, the TRA reserves the right to make any modifications to the certificate and to add or delete items as necessary.

8. The type approval certificate is issued for the specific model, type, software and hardware versions of the Equipment. Use of Equipment for purposes other than those established in the certificate.

9. This certificate is issued for the lifetime of the certificate or at renewal, the TRA reserves the right to make any modifications to the certificate and to add or delete items as necessary. The certificate cannot be transferred or assigned to a third party.

10. The TRA may make variations, amend or abolish the granted approvals at any time and for any reason, as it deems necessary.

11. In the event that any of the authorized or concerned persons in type approval breaches the terms and limitations upon which authorizations are granted, the TRA may do any of the following:
   a. Issue a financial fine against the violator.
   b. Revoke the issued certificate.
   c. Without prejudice to any applicable penalties under the UAE laws, and in the case where any person who manufactures, uses, offers for sale or supplies Telecommunication Equipment which has not been approved by the TRA, or in case the Authorized or concerned persons violate the TRA's issued technical specifications and standards relevant to the Telecommunications Equipment, the TRA may take any of the following actions:
      a. Serve a warning to the violator to rectify the violating Telecommunications Equipment so as to be compatible with applicable and adopted specifications.
      b. Serve a warning to the violator to desist from or destroy all violating or non-conforming Telecommunications Equipment.
      c. The TRA may withhold non-compliant Telecommunications Equipment, in cooperation with customs authorities.
      d. Issue an order to the violator to promptly and immediately dismantle the violating Telecommunication Equipment from the Telecommunication Network, provided that the TRA may seek the assistance of the relevant police authorities if need be; while reserving TRA's right to take actions prescribed for by law for any other action commensurate with the nature of the violation according to the applicable law in this regard.

12. The authorized Dealer shall:
   a. Accept responsibility for any harm, injury or loss attributed to examining, storing or using Equipment.
   b. Accept responsibility to discontinue importation and sale, and replace all equipment already on the market, in case of defects in the equipment resulting in unacceptable performance.

The above conditions apply to the above regulations.
20. The TRA shall not disclose to any third party any confidential and proprietary information provided by the authorized Dealer to Type Approval. This obligation shall not apply to information, which is already available to the public or acquired from other sources without confidentiality restrictions. The TRA agrees that such obligation to maintain confidentiality shall survive until the termination of the certification process.

21. The TRA will not, under any circumstances, be liable to the client or dealer for any indirect, special or consequential damages, or any third party claims that may arise as a result of services rendered in the Certification Agreement.

22. The TRA will reimburse the authorized Dealer for any direct damages in connection with its certification procedure according to an irreversible court order.

23. The TRA shall address any complaints or appeals received from the authorized Dealer impartially and communicate the findings to them, including any corrective actions implemented.

24. The Dealer shall clearly and legibly put the TRA Declaration of Conformity Card under the display stand of Telecommunications Equipment in retail stores. The Dealer shall coordinate with Points of Sale in placing the Conformity Card.

25. The dealer and vendor shall ensure that all Radio Communication Equipment are compliant with a usage license issued by TRA’s spectrum department.

26. In case of Sale in placing the Conformity Card

27. The TRA will not, under any circumstances, be liable to the client or dealer for any indirect, special or consequential damages, or any third party claims that may arise as a result of services rendered in the Certification Agreement.

28. The TRA will reimburse the authorized Dealer for any direct damages in connection with its certification procedure according to an irreversible court order.

29. The TRA shall address any complaints or appeals received from the authorized Dealer impartially and communicate the findings to them, including any corrective actions implemented.

30. The dealer and vendor shall ensure that all Radio Communication Equipment are compliant with a usage license issued by TRA’s spectrum department.
