

## Service Prices\* Timepieces

Type of Timepiece	Example of Timepiece	Battery Service	Bracelet/Strap Service	Maintenance Service	Complete Service	Case Polishing	Bracelet Polishing	Authenticity Service
Quartz		£34	£34	£83	£342	£83	£83	£50
Quartz Chronograph								
Automatic		not applicable						
Automatic Chronograph					£386			
Complication					£544			
High Complication (e.g. Villeret ⌘ Tourbillon function)					cost estimate			

\*Subject to change, as the exact price can only be given after detailed examination by an authorised service centre.

Please note that certain additional parts (e.g. links, clasps, buckles) and components (e.g. dial, bezel, crown, hands, pusher) are not included in the service price and are charged for separately.

Polishing is not a separate service itself, but an additional option charged for and only offered in combination with another service (excl. Battery Service).

Montblanc does not recommend a Battery Service alone. It is recommended to perform a Maintenance Service at the same time to guarantee the water-resistance of the watch.

If only Battery Service is requested, the service carried out will not be covered by a one-year repair guarantee.
